EVENTS PLANNING

Industry Trends

FOCUS ON....pastel color palettes that reflect the vibrancy and playfulness of the summer season, unconventional venues like gardens, parks, or private homes, blending traditional elements with modern aesthetics, integrate technology such as online invitations, embrace bold & ornate décor statement pieces with green touches, use unique and custom florals as the focal point, incorporate unique and interactive designs in your dance floor, food trucks can be a budget-friendly and customizable catering option, champagne towers are a fun and exciting conversation piece, thoughtful favors that cool and serve as a program can be a big hit with guests if festivities are taking place outdoors.
